Information Regarding Scores Below 273

You were mailed a letter to your address of record which contains score information and includes a form to register for the July 2022 Arizona Uniform Bar Examination. The form is an abbreviated version of our application and may be used for the next exam (July 2022) only. If you skip the July 2022 exam, all future exam applications must be completed online and include all new attachments. If you register for the July 2022 exam using the form provided with your results letter, your supporting documents (**excluding** permission to write) from the February 2022 exam will remain valid and do not need resubmission. Accommodation requests or permission to write forms with instructions are found at www.azcourts.gov/cld/Attorney-Admissions/Admission-by-UBE-testing-in-Arizona. Deadline for submission of application form and payment (as well as accommodation requests or permission to write if applicable) for the July 2022 exam is **June 2, 2022**, either post-marked or hand-delivered by that date. Late fee will be imposed June 3 through June 6. No applications will be accepted after June 6, 2022.

Review by the Court

Supreme Court Rule 35(d) governs petitioning of UBE scores to the Supreme Court:

“An applicant aggrieved by any decision of the Committee on Examinations may, within twenty (20) days after such decision, file a verified petition for review with this Court; however, the Committee on Examination’s decision regarding an applicant’s grade score is final and will not be reviewed by the Court **absent extraordinary circumstances** (emphasis added).”

If you wish to assert a claim of extraordinary circumstance, you must file a verified petition with the Clerk of the Supreme Court and serve a copy on the Committee on Examinations no later than **June 2, 2022**. Because the Committee on Examinations is the opposing party, our staff is prohibited from providing assistance or advice to applicants. UBE scores are final.
